

“The Right Investment at the Right Time”

- Governor Ted Strickland

Cuyahoga County

This page contains a categorical breakdown of American Recovery and Reinvestment Act (ARRA) funds announced for Cuyahoga County. Please note that these numbers are rounded estimates only, and final amounts will change as dollars are encumbered and contracts are signed. Money allocated to multi-county regions or agencies responsible for multiple counties is listed separately, and those funds are not included in any individual category total. Until the funding has been awarded, announced funds for any project are subject to change. Announced dollar amounts for any county may vary for many reasons, including if any individual projects are withdrawn by the applicant, or are unable to meet the requirements of the Recovery Act. As additional information is available, this page will be updated.

Infrastructure

- **FAA – Airport Grants: \$20,000,000**
 - Provides funding to update and improve airport facilities and equipment
 - www.faa.gov/recovery/programs/

 - www.dot.state.oh.us/Divisions/Communications/Federal%20Stimulus%20Projects/Forms/Cuyahoga%20County.aspx

Total: \$26,039,000

Additional Support for Your County

In addition to the funds listed on this page, your county also benefits from stimulus programs and funding in other ways. For example, the Recovery Act included tax relief for more than 90% of Americans, unemployment compensation benefit increases, and support for those on Social Security and Supplemental Security Income and Medicaid. In this way, many Recovery Act dollars are spent locally, and support your county's economic recovery.
